“WHEN WE OPENED OUR FIRST STORE IN 1986, OUR GOAL WASN'T TO BE THE BIGGEST — IT WAS TO BE THE BEST COMMUNITY GROCER WE COULD BE.”

40 YEARS OF GIVING BACK

We are proudly celebrating our 40th anniversary, what a journey it has been!

We started the company in 1986 as a natural foods store and named it after my mother, Mollie, who worked in grocery her entire life. Her passion for the industry inspired me to start my own market 40 years ago.

Our goal was to bring local and organic food to our community. As time went on, we decided to include the “best of both worlds” by adding conventional groceries and lots of choices to make shopping more convenient. Our other goal was to make a difference in people’s lives through food, not only by providing high-quality products and superior customer service, but by also supporting our local schools, food banks, hospitals and beyond, to better the future of our communities.

Forty years later, our commitment to service, quality, and community still guides everything we do. I’m incredibly proud of our employees, many of whom have built their careers with us, and deeply grateful to the customers and communities who have supported us for generations. This anniversary belongs to them as much as it does to us. Thank you for your support as we look ahead to the next 40 years.

Mike Stone, Owner of Mollie Stone’s Markets

FAMILY & LOCALLY OWNED SINCE 1986

THE STONE'S FAMILY: (LEFT TO RIGHT) ELLIOTT STONE, MIKE STONE & AARON STONE

WE LOVE LOCAL, WE LOVE CALIFORNIA AND ARE THANKFUL FOR OUR FARMS AND THEIR BOUNTY FOR PROVIDING US WITH THE FRESHEST PRODUCE

Whether it's organic, local, seasonal, exotic or specialty, the key is being able to handpick "select" produce every day. We look for fruits and vegetables that are the perfect size and exact level of ripeness for peak flavor and nutrition. Years of experience, and partnerships with small Northern California farms as well as large global growers, allow us to procure high quality produce and variety that our customers have come to rely on. Our experience and long-standing partnerships help us continue to make a difference in people's lives through food since 1986.

For us at Mollie Stone's Markets, one of our favorite parts of being a local, family-owned market is being able to provide the best selection of produce in the Bay Area.

Our roots will always remain in healthy, natural and specialty foods. Mollie Stone's Buyers work closely with our producers to bring you high quality products on each and every one of our produce displays. The goal is to surprise and delight customers with each item. We are passionate about what we do. We are always striving to be the store of choice with our commitment to quality, vast selection, innovation and support for our community.

40TH ANNIVERSARY YEARS — OF GIVING BACK —

“THERE IS NO GREATER NEED DURING ONE’S LIFETIME THAN TO SUPPORT OUR COMMUNITY... IF I CAN MAKE A DIFFERENCE IN ONE PERSONS’ LIFE, WHAT GREATER GIFT IS THERE?” – MIKE STONE, OWNER & CEO

Making a difference in people’s lives through food since 1986. This community-first ethos is the cornerstone of who we are. Serving our communities has always been just as important as providing fresh food and high-quality services for our shoppers. Supporting our community is of paramount importance.

We are proud to donate to many local non-profits like Klass Kids who are on a mission to help missing children, Adopt a Family of Marin working to prevent homelessness, 18 Reasons a community cooking school that offers grocery

donations paired with nutrition classes to low income families, and many others throughout the Bay Area. Another great example of this is, since 2016, we’ve been working with San Francisco-Marin Food Bank in the fight against hunger.

Our annual Grab & Give food drive offers prepackaged bags of non-perishable food items discounted with an additional 10% contribution from Mollie Stone’s Markets. All of our markets participate in this program, and with the help of our generous customers, we’ve donated 128,176 pounds of food to date, which equals 106,813 meals.

AWARD WINNING CUSTOMER SERVICE

We are honored and grateful for the awards and acknowledgments from the local press and our peers. We will continue to strive to make a difference in people’s lives through food.

SUSTAINABILITY

WE CARRY AS MANY LOCAL AND SUSTAINABLE PRODUCTS AS POSSIBLE THAT ARE GOOD FOR YOU AND THE PLANET

At Mollie Stone's Markets, our Buyers are constantly searching for the highest quality products. For us, the definition of highest quality includes sustainable and regenerative practices. We are so proud to carry brands that have adopted sustainable or regenerative agriculture practices. Regenerative Agriculture is a conservation and rehabilitation approach to farming systems that focuses on rebuilding nutrient dense topsoil which increases nutrient density in our food, increasing biodiversity, improving

water cycles, and increasing resilience to climate change by drawing down atmospheric carbon dioxide by growing plants that move carbon dioxide into the soil. This holistic approach makes food better for us and better for the planet.

We are also committed to offering a variety of responsibly sourced wild-caught and farm-raised seafood certified by organizations like the Aquaculture Stewardship Council and the Marine Stewardship Council.

ENERGY EFFICIENCY

We are always looking for ways to make our stores more energy efficient, like using LED energy-saving lighting systems in all of our remodeled stores, like with our Solar Tubes in Sausalito. Our locations with living walls use recycled water, reduce ambient temperature and noise, and increase biodiversity.

ADOPT-A-HIGHWAY

The Caltrans Adopt-A-Highway Program provides an avenue to help maintain sections of roadside within California's State Highway System. For over 20 years, Mollie Stone's Markets employees have volunteered to pick up trash every month on highways near our San Bruno and Sausalito locations.

MISSION

Our mission is to surpass customer expectations with superior customer service, exciting variety and quality products in a fun and positive environment for our customers and employees. We want our passion and love of food to extend to you – our customer.

VISION

Making a difference in people's lives through food is our north star. We are committed to cultivating our community by supporting local farms, purveyors and local non-profits. We pride ourselves on being the first store to carry many local brands that are now national staples. We are also committed to supporting the community, especially in times of need.

VALUES

Treat people the way you want to be treated. That old saying is simple, but when embraced can be so impactful. This is a through line for how we support our customers, employees, vendors and the community. We care about offering the best customer service and products that pass our rigorous standards for high quality. We care about our employees success and well being. We care about our community. When we all thrive, the positive impact is felt deeply.
